## Highlights of this week...

One of our School Council's aims this year was to improve our library and provide additional furniture for children to use when they are enjoy a book. Following this meeting with school council members we chose different coloured bean bags which can be used inside and outside for children to relax on and enjoy a good book.

We have also bought an outdoor reading shed which will house a range of fiction, non-fiction and poetry books. Children will be able to spend their time at lunchtime reading with friends.
